### How does this affect me?

Modern web users have a short attention span and expect a fast and seamless website experience. Delivering that fast experience can result in more traffic, more conversions, and more happiness.

As if you didn't need more incentive, [Google use Page Speed and Page Experience \(including Web Vitals\) signals in their ranking algorithm](#).

### About GTmetrix

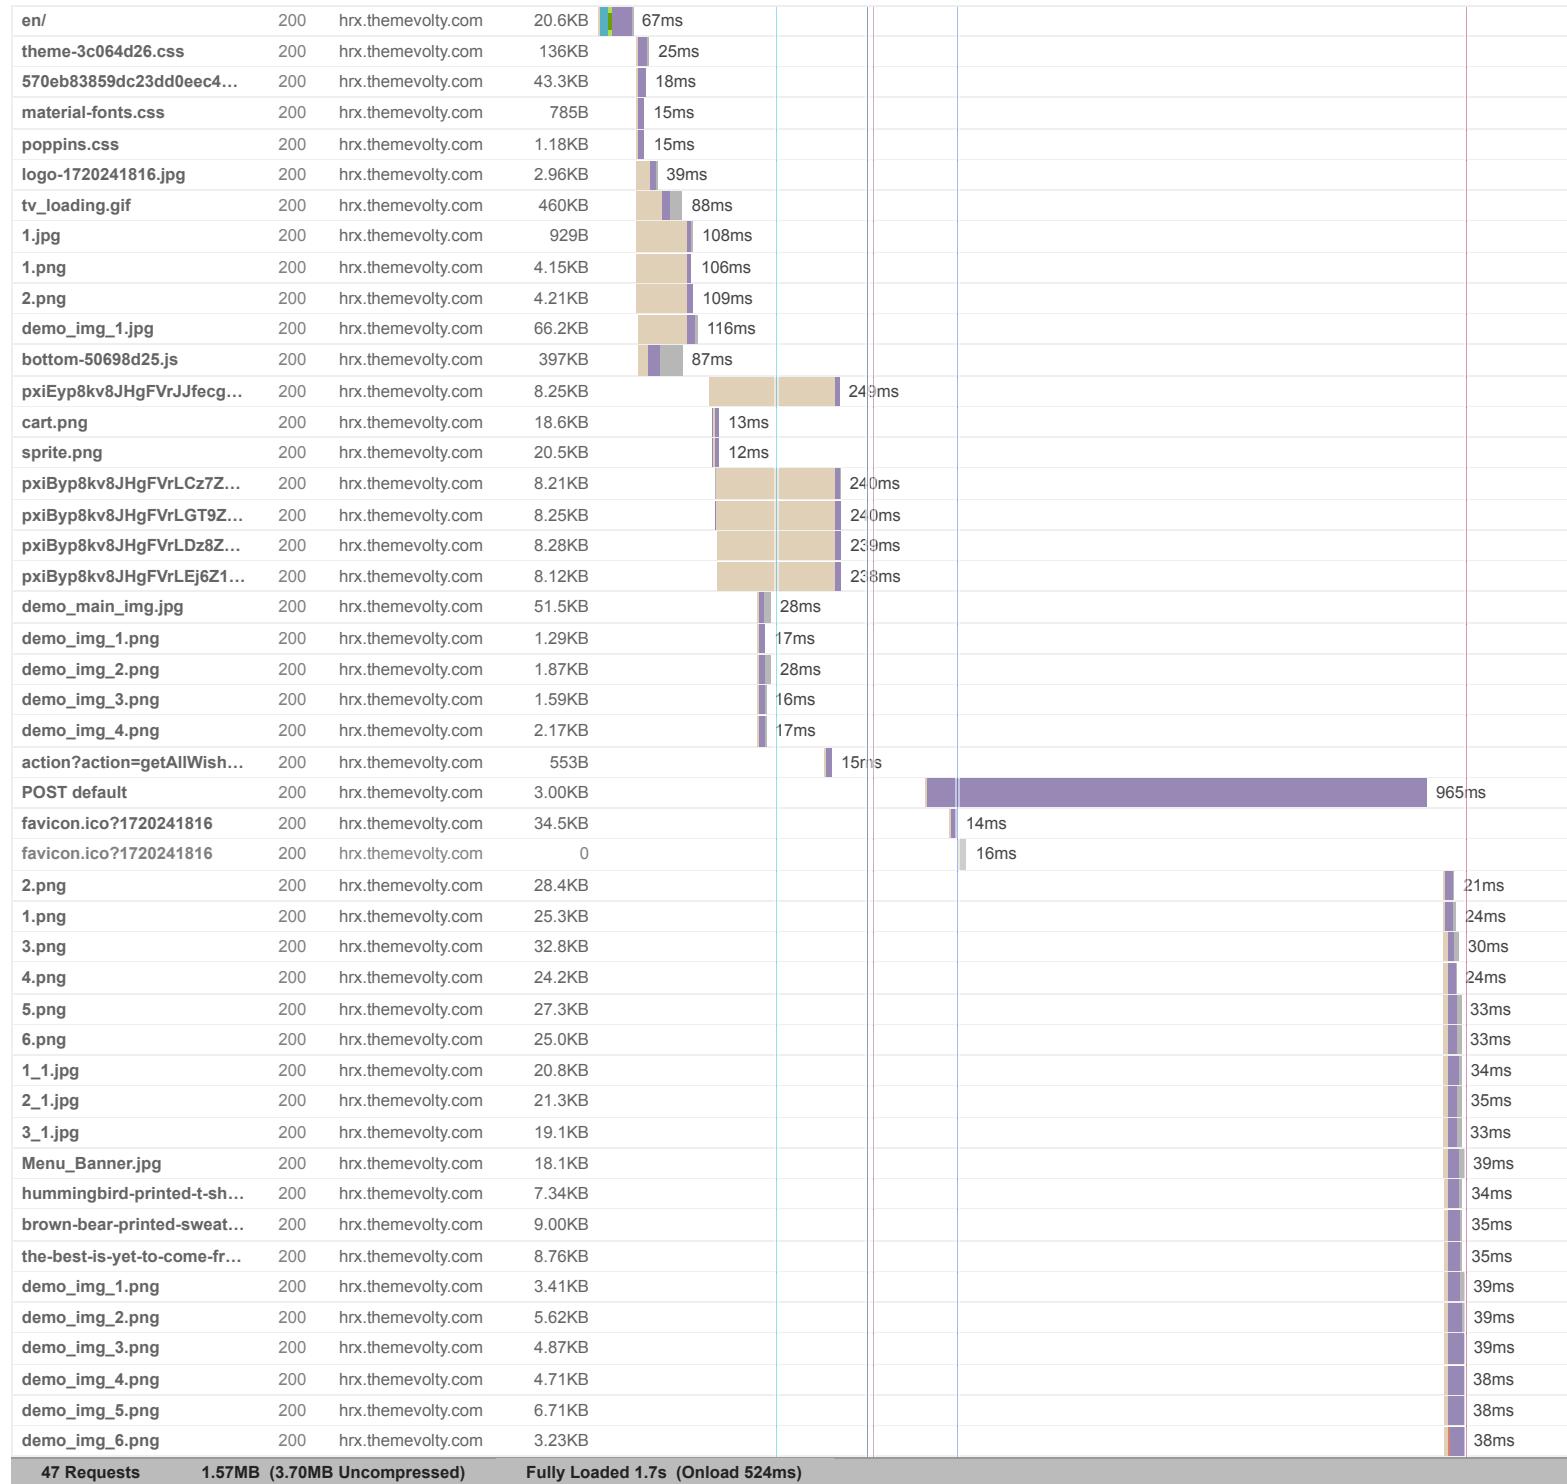

**GTmetrix**

GTmetrix was developed as a tool for customers to easily test the performance of their webpages.
